The cold germ is a constant threat to your health during winter because leading doctors tell us that fifty per cent of all disabling diseases start with a "common cold." And the invisible but dangerous cold germ finds one of his best opportunities in homes where occupants are most liable to sudden changes of temperature. Therefore, it is a wise precaution to avoid the possibility of sudden changes of temperature in your home this coming winter by providing a constant circulation of pure warm air throughout the house.

"Ye Ole Reporter" absolutely went to sleep last week and as you

October 2, the Senior had a class despite the fact that our sponsor, All of us went to the the river bed Miss Thompson, was ill and could not Lou Burns. Miss Burns is one of After an hour of play we returned the best all-around girls of the class to the camp and ate weiners, rolls, and we are happy to bestow this pickles, sandwiches, topped off with honor upon her. Then for her honwe are rejoiced to see him as es-

cort of the "Senior Queen." We have chosen for our class colors: Purple and Gold. They are beautiful colors and attract a lot of attention, when you see Purple and Gold-remember the Seniors.

For class rings we have chosen a olid gold ring with a ruby set. The uby will have an "H" in the center of it, and on either side of the set, will be a "Pied Piper." Then, of course, the year date will be there

The boys have selected a belt buckle which is very beautiful. The buckle has a gold finish and in the center will be a green and white Another distinction lies in the fact ["H". Under the "H" will be "High

Both the rings and belt buckles

are beautiful indeed. It is getting time for basketball. penciled beside it the query "Name?" so the Seniors have challenged the A copyist transcribed that scrawled "Juniors" for a game at noon on question as "Nome" and the name October 15th. Watch next week's paper for the results.
